

Appl. No. 10/657,785
Resp. dtd. April 27, 2010
Resp. to Office action dtd. Oct. 28, 2009

Amendments to the Specification:

Please amend the paragraph at page 15 lines 2-6 of the specification (which may also be identified as paragraph [0070] of published application 2004/0073933) as follows:

The following discussion will refer to various Appendices. Such appendices may, for example, be found in the file of parent application 07/947,102. FIG. 1 shows an existing radio frequency data transmission system 10 wherein a base station transceiver means 11 has a number of mobile transceiver units such as 12A, 12B, ..., 12N in radio communication therewith.
